## Welcome to Silent Knight

The secure communication platform, right in your browser.

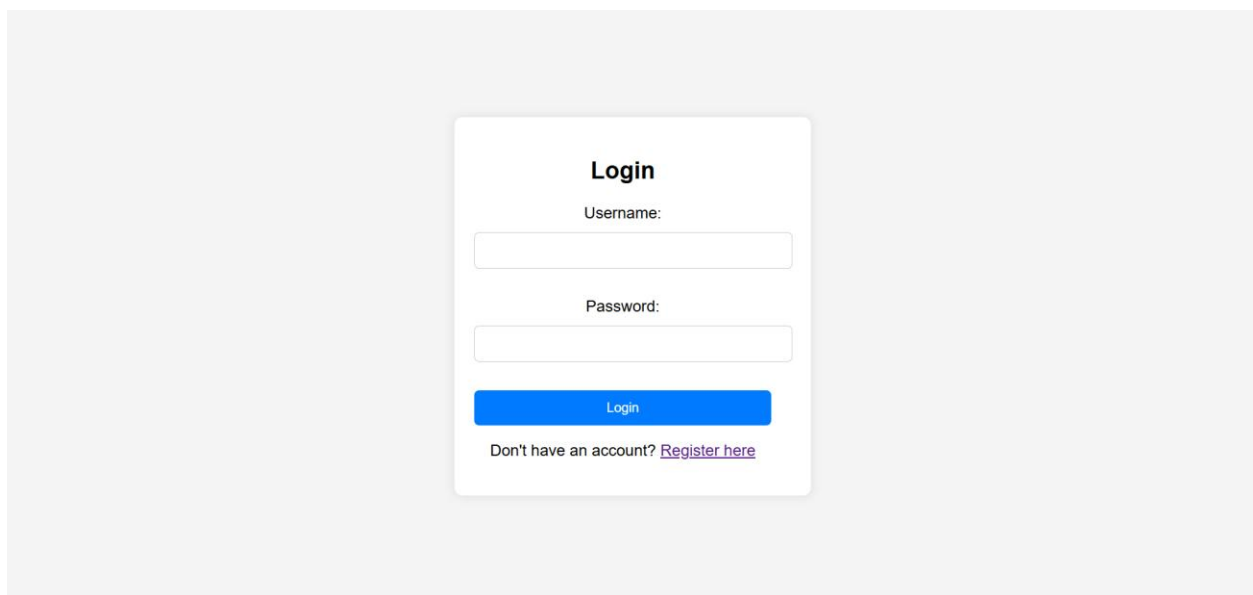

This guide will help you get started with exchanging messages safely and privately.

### Step 1

You can find us by typing the URL <http://silentknight/> in your preferred browser, just make sure to have an internet connection.

### Step 2

Your first interaction with SilentKnight will be the login screen, this interface will allow you to enter your credentials if you have some already (skip to step 5); if not, let's proceed to the registration step next.

A screenshot of the Silent Knight login interface. It features a white login card centered on a light gray background. The card has the title "Login" in bold. Below the title are two input fields: "Username:" and "Password:". A blue "Login" button is positioned below the password field. At the bottom of the card, there is a link that says "Don't have an account? [Register here](#)".

**Login**

Username:

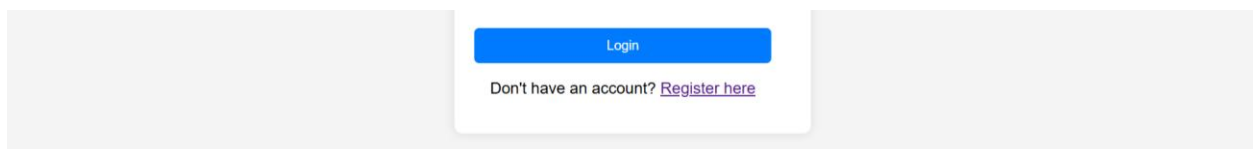

Password:

Login

Don't have an account? [Register here](#)

### Step 3

To begin registering, just follow the prompt below the login button and click the “Register here” text.

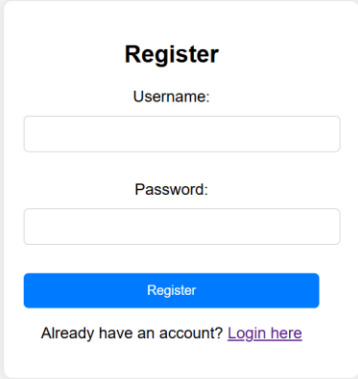

A close-up screenshot of the bottom portion of the login card. It shows the blue "Login" button and the text "Don't have an account? [Register here](#)" below it.

Don't have an account? [Register here](#)

## Step 4

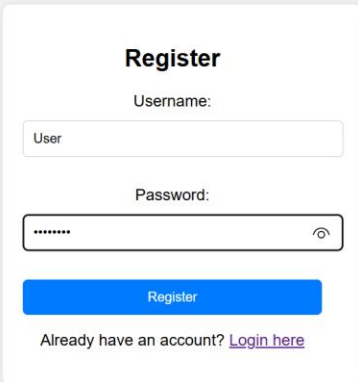

Make sure to enter your username and password, then click on the register button. Next, go back to the login portal by clicking “Login here” if not redirected automatically.

A screenshot of a web registration form titled "Register". The form is centered on a light gray background. It contains two input fields: "Username:" and "Password:". Below the "Password:" field is a blue button labeled "Register". At the bottom of the form, there is a link that says "Already have an account? [Login here](#)".

## Step 5

Enter your username and password, then click the Login button. If your credentials are correct, you'll be directed to your secure dashboard automatically.

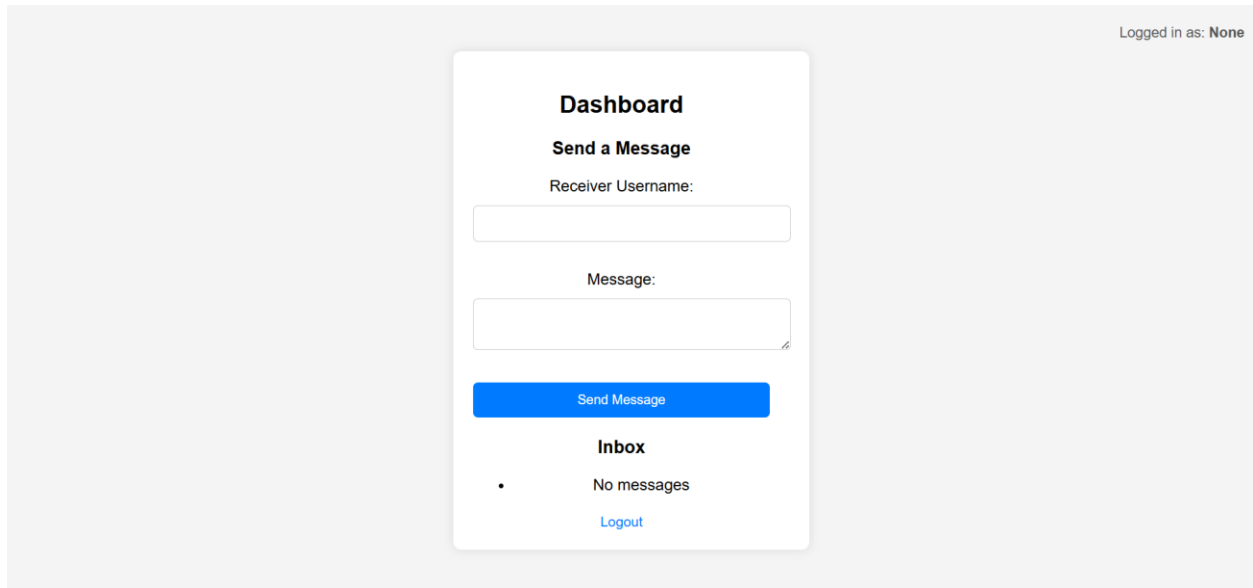

A screenshot of the same "Register" form as in Step 4, but with user input. The "Username:" field now contains the text "User". The "Password:" field contains seven dots, indicating a masked password, and has an eye icon on the right side to toggle visibility. The blue "Register" button and the "Login here" link are still present at the bottom.

## Step 6

Hooray! You've made it into the Silent Knight secure dashboard!

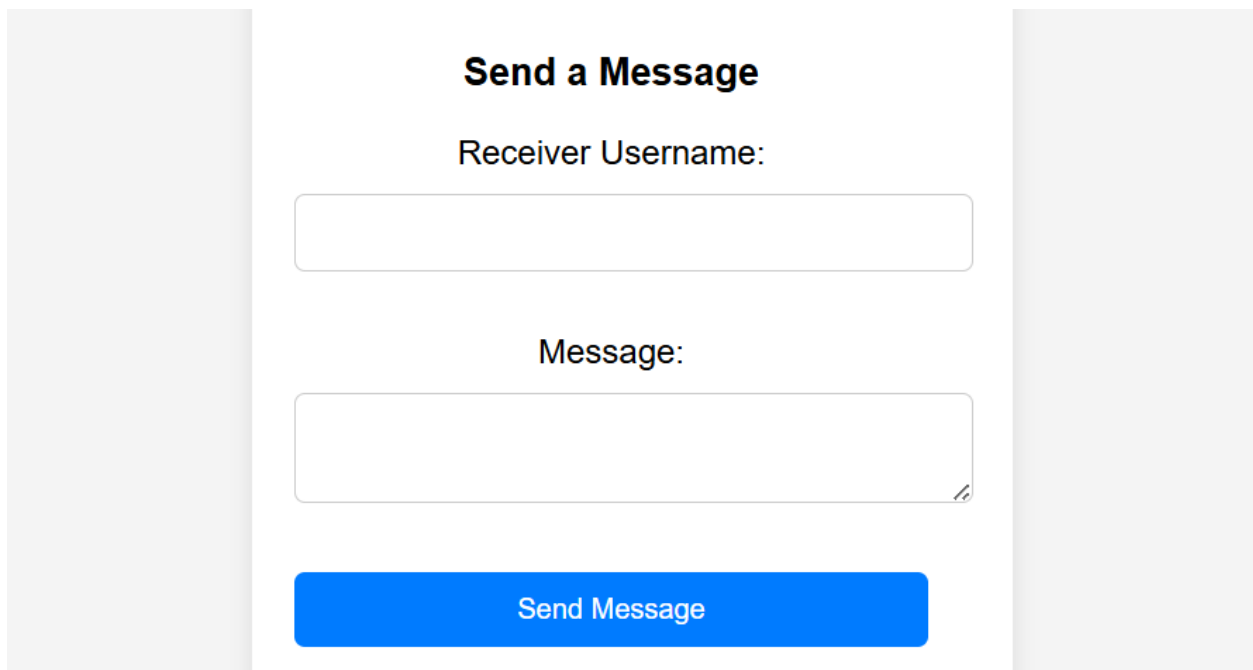

Here, you can send and receive encrypted messages with confidence. Your privacy is our priority. Let's communicate freely and securely.

The screenshot shows a web application interface. In the top right corner, it says "Logged in as: None". The main content area is a white card with a light gray shadow. At the top of the card is the heading "Dashboard". Below it is the section "Send a Message". This section contains a label "Receiver Username:" followed by a text input field, and a label "Message:" followed by a larger text area with a small icon in the bottom right corner. Below these fields is a blue button labeled "Send Message". Underneath the button is the "Inbox" section, which shows a bullet point followed by the text "No messages" and a blue link labeled "Logout".

## Step 7

To send a message, just enter the registered user and message body, then click on the “Send Message” button.

This is a close-up of the "Send a Message" form. It features a title "Send a Message" at the top. Below the title is the label "Receiver Username:" and a text input field. Further down is the label "Message:" and a larger text area with a small icon in the bottom right corner. At the bottom of the form is a prominent blue button labeled "Send Message".

## Step 8

Finally, to check on your received messages, you can check your inbox below.
